

1-2 / Math / Problèmes

SUITES LOGIQUES

Row 1: White square, Gray square, White square, Gray square, White square, Gray square

Row 2: Gray square, Gray square, White square, Gray square, Gray square, White square

Row 3: White square, Gray square, White square, Gray square, Gray square, White square

Row 4: White square, Small white square, White square, Small white square, White square, Small white square

Row 5: Small gray square, Large gray square, Small gray square, Small gray square, Large gray square, Small gray square

Row 6: Small gray square, Small gray square, Small gray square, White square, White square, White square

Row 7: Circle, White square, Circle, White square, Circle, White square

Row 8: Circle, Circle, White square, White square, Circle, Circle

Row 9: White square, Circle, Gray square, Gray circle, White square, Circle

Row 10: Triangle, White square, Circle, Triangle, White square, Circle

Row 11: Triangle, Triangle, Circle, Circle, White square, White square

Row 12: Triangle, Gray square, Circle, Gray triangle, White square, Gray circle

Row 13: Gray triangle, White triangle, Gray circle, White circle, Gray square, White square

Row 14: White square, White square, White square, White square, White square, White square

Row 15: White square, White square, White square, White square, White square, White square

Row 16: White square, Gray square, White square, White square, White square, Gray square
