2. Secret agent X32

You are Special Agent X32. Send a coded message to announce the arrival of a VIP (or of an actor, of a dangerous person, etc.)

One student reads the message to the class: "oh nine slash one four slash of five ..."

Each student makes a note of the message and deciphers it using the grid. A "secretary" is sent to the board. A student spells the first word J-O-H-N, another spells the second one, etc. They all check their messages with the one on the board.
